

POSITIVE BEHAVIOURAL SUPPORT

WHAT DO WE OFFER?

We are offering Positive Behavioural Support (PBS) Training to those who support a child or young person up to the age of 25 years with complex needs who may engage in behaviours of concern. We want to enable services/parents to support individuals in a way that promotes best practice.

TRAINING

It will comprise of understanding behaviours - why these occur, how you can best support the individual to manage their needs & develop the skills to live independently

DEVELOPMENT

Supervisions: Professional support from our team to help you implement the PBS approach
